Workshop Details (8:15am-3:00pm)

The Arkansas Urban Forestry Council wants to help increase the number of ISA Certified Arborists in our area. One of the steps to becoming a Certified Arborist is to pass the ISA Certification Exam. This workshop is designed to address those exam topics that have shown to be more difficult to pass on past ISA exams. This will be an excellent opportunity for you to become better prepared to pass the exam, which will follow after the workshop (see Exam Details below).

Registration fee for the workshop only is \$35/\$60. The fee, registration and deadline for the exam are separate from the workshop (see Exam Details below).

Register for the workshop through the AUFC website <http://arkansastrees.org/workshops/> or submit the registration form on the back of this brochure.

Registration deadline for the workshop is **April 18, 2018**.

ISA Continuing Education credits have been applied for and will be available for the workshop.

Thanks to Our Partners!

The Arkansas Forestry Commission does not discriminate on the basis of race, color, national origin, sex, age, disability or retaliation.
